Education

Bachelor of Technology (B.Tech) in CSE AIML

ABES Engineering College | Ghaziabad | Board: AKTU

2023 – 2027

5th Sem CGPA: 8.9 (Current)

Senior Secondary

Mount Litera Zee School | Varanasi | Board: CBSE

2020 – 2021

Percentage: 96

Matriculate

Mount Litera Zee School | Varanasi | Board: CBSE

2018 – 2019

Percentage: 94

Technical Skills

Programming Languages: Java, JavaScript, Python

Web Development: Bootstrap, CSS3, Express.js, HTML5, Node.js, React.js

Databases: MongoDB, PostgreSQL

AI, Data Science & Machine Learning: Matplotlib, NLTK, NumPy, Pandas, Scikit-learn

Tools & Platforms: Arduino

Internships

IBM

IBM PBEL | Ghaziabad

July 2025 — August 2025

Remote

- Worked on Sentiment Analysis of Amazon Product Reviews using Natural Language Processing (NLP) techniques. Implemented machine learning models to classify customer feedback as positive, negative, or neutral, improving insights into customer satisfaction and product performance.

Projects

AI Resume Builder

[Live Link](#)

- Developed a web application in collaboration with CareerCatalyst using the MERN stack. The platform enables users to create AI-driven resumes and analyze their ATS (Applicant Tracking System) scores for better job application outcomes. Implemented features for resume parsing, keyword optimization, and interactive user interface to enhance employability support for students.

Certifications

Python

2025-08-03

GUVI HCL | [Certificate Link](#)

Full Stack Development

2024-08-31

Udemy | [Certificate Link](#)

Achievements & Awards

- 1st Place – MERN Mavericks Hackathon, CDAC Delhi:** Achieved 1st rank as a solo participant in the MERN Mavericks Hackathon organized by CDAC Delhi. Designed and developed a full-stack web application using the MERN stack, showcasing end-to-end problem-solving, innovation, and technical expertise. | [Certificate Link](#)

- 2nd Place at AKTU AI Tech Confluence 2025:** Awarded 2nd position for developing innovative AI solutions, demonstrating expertise in artificial intelligence, problem-solving, and application of cutting-edge technologies. | [Certificate Link](#)

Extracurricular

CodeChef ABESEC

August 2024 — Present

Club | Developer

- Contributed to the design and development of web applications and technical projects for the club.
Collaborated with peers to build solutions, conduct workshops, and support students in learning modern development practices.
